Guide to use of the Logbook

This logbook is designed so that you can record evidence of expeditions, trips, other experiences and coaching activities, in preparation for training, or assessments within the BCU Coaching Service tests and awards scheme. Whilst these records are not essential for the 1 to 3 Star Tests, it will help to record the necessary journeys. A properly maintained logbook is an essential requirement for all Coaching and Leadership awards; this logbook fulfils the requirement and the format is easy to follow. The logbook can also be used to evidence currency as part of the BCU Coach Update scheme.

There are many other reasons for keeping an up to date record of your canoeing activities. These may be personal, like keeping an ordinary diary, to remind yourself of past events, or to record activities for reference in preparation for more advanced adventure and activities.

To ensure that your entries are correct it is advisable they are written in immediately after the event. You should start now by filling in the Personal Particulars Page. Short notes have been added under the various headings to give guidance in keeping records.

If someone else was the organiser of the event or qualification course it is best if you can get them to initial your entry, but don't leave it for some other person to complete as they will probably forget and don't leave it until later as YOU will probably forget!

The BCU Canoe and Kayak Handbook, and the BCU Coaching Handbook provide a complete guide to the sport, and the learning and teaching of its skills, these are particularly useful resources for Coaches and Leaders.

Syllabi and guidance note for the various Coaching and Leadership awards are published on the BCU and Home Nation Association websites, please check these for current documents.

SHEFFIELD CITY

Journeys or other events

Do try to ensure that you have as wide an experience as possible. Have you operated in kayaks and open canoes?

Have you completed in different forms of event? (Slalom, Freestyle, Sprint, Marathon etc). Have you operated with canoes in a swimming pool? Have you been to a local touring event and a major touring event? Have you been to a Lifeguards event?

This is one of the great strengths of Paddlesport – it is so varied and has something for everyone.

Do get out there and get involved in as many aspects as possible.
